**Equality impact assessment – Scoping**

**STA Tepotinib for treating advanced non-small-cell lung cancer with MET gene alterations**

The impact on equality has been assessed during this appraisal according to the principles of the NICE Equality scheme.

1. Have any potential equality issues been identified during the scoping process (draft scope consultation and scoping workshop discussion), and, if so, what are they?
No

2. What is the preliminary view as to what extent these potential equality issues need addressing by the Committee?
N/A

3. Has any change to the draft scope been agreed to highlight potential equality issues?
N/A

4. Have any additional stakeholders related to potential equality issues been identified during the scoping process, and, if so, have changes to the matrix been made?
N/A

**Approved by Associate Director (name): Linda Landells**

Technology Appraisals: Scoping  
Equality impact assessment for the proposed Single Technology Appraisal of tepotinib for treating advanced non-small-cell lung cancer with MET gene alterations [ID3761]  
Issue date: April 2021

**Date:** 27 April 2021
