

Ripretinib for treating advanced gastrointestinal stromal tumour after 3 or more treatments

Information for the public

Published: 3 May 2023

www.nice.org.uk

Ripretinib (Qinlock) is not normally available on the NHS for treating advanced gastrointestinal stromal tumour (GIST) after 3 or more treatments.

Your doctor should talk with you about other treatment options. If you are already having it, you should be able to continue until you and your doctor decide when best to stop.

Information and support

The [NHS webpage on soft tissue sarcomas](#) may be a good place to find out more.

These organisations can give you advice and support:

- [GIST Cancer UK](#), 0300 400 0000
- [Sarcoma UK](#), 020 7856 0445
- [PAWS Gist](#), info@pawsgistclinic.org.uk
- [Cancer Research UK](#), 0808 800 4040
- [Macmillan Cancer Support](#), 0808 808 0000

You can also get support from your local [Healthwatch](#).
