

Baricitinib for treating severe alopecia areata

Information for the public

Published: 25 October 2023

www.nice.org.uk

Baricitinib (Olumiant) is not normally available on the NHS for treating severe alopecia areata.

Your doctor should talk with you about other treatment options. If you are already having it, you should be able to continue until you and your doctor decide when best to stop.

Information and support

The [NHS webpage on hair loss](#) may be a good place to find out more.

[Alopecia UK](#) (0800 101 7025) can give you advice and support.

You can also get support from your local [Healthwatch](#).
