

Hypertension: register

NICE indicator

Published: 19 August 2023

www.nice.org.uk/indicators/ind255

Indicator

The contractor establishes and maintains a register of patients with established hypertension.

Indicator type

General practice indicator suitable for use in the Quality and Outcomes Framework.

This document does not represent formal NICE guidance. For a full list of NICE indicators, see our [menu of indicators](#).

To find out how to use indicators and how we develop them, see our [NICE indicator process guide](#).

Rationale

This indicator establishes a register of people with hypertension with the aim of facilitating

subsequent intervention and support.

Source guidance

- [Hypertension in adults: diagnosis and management. NICE guideline NG136 \(2019, updated 2023\)](#)

Specification

A register of people with established hypertension.

Exclusions: People with a hypertension resolved code after the latest hypertension diagnosis code.
